

Communication

Date	01 October 2026
Team ID	SWTID-2026-4522
Project Name	Auto Ticket Classification using Flow Designer
Maximum Marks	1 Mark

Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	WhatsApp group	All team members	Share what was done and what is next
2	Progress Update	Weekly	Google Meet	All members, team leader	Review sprint progress and the update set
3	Issue / Bug Discussion	As Needed	WhatsApp / Google Meet	Concerned members	Fix flow, table or email problems
4	Stakeholder Review	Bi-Weekly	Google Meet / in person	Team and mentor	Get feedback on the solution
5	Final Demo Rehearsal	Once	In person / Google Meet	All team members	Practise the demo flow and timing
6	Document Sharing	As Needed	Google Drive / Email	All team members	Share documents and the exported update set

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Several members working on the same ServiceNow configuration.	Used one Project Update Set and assigned each module to a member.
2	Different class timings made live meetings hard.	Used the WhatsApp group for daily updates and short fixed-time calls.
3	Keeping documents and screenshots in sync.	Stored all files in one shared Google Drive folder.
